

Speakers:

Diane Lawver:

Quality Assurance Solutions is a quality systems consulting company established 1999 by Diane Lawver for both public and private environmental testing laboratories that wish to continuously improve their quality systems. Diane has extensive experience as a Laboratory Director and as a Quality Assurance Officer for large privately held environmental testing laboratories since 1989. Between 1985 and 1989, she worked for the City of Colorado Springs Water Quality Laboratory as a GC/MS Chemist. Ms. Lawver has been a member of WEF since 1989 and was selected for the Quality Assurance award in 1997 by the San Francisco Bay Section of CWEA. She has been an AWWA member since 1985. In 2008, she was the recipient of the Crystal Crucible Award for promoting professional development amongst CWEA members. Ms. Lawver brings 25 years of environmental testing experience to this meeting.

William (Bill) Ray:

Bill received his Bachelor's degree in Chemistry from UC Irvine, followed by a Master's in Chemistry from Cal Poly Pomona. Currently he serves as the State Board Quality Assurance Officer Manager. Many of Mr. Ray's daily duties include the development of the Board's Quality Management Plan, reviewing data quality issues, and assessing quality systems in the various State and Regional Board programs. Mr. Ray started his career at a full-service commercial laboratory located in Southern California where he was involved with everything from bacterial to ocean monitoring. Mr. Ray then went to work for the State at the Colorado River Regional Water Quality Control Board in their one-man laboratory. After some time he transferred to the Sanitation and Radiation Laboratory in Health Services eventually moving over to laboratory certification. Mr. Ray was also in ELAP for 5 years before transferring to his current position with the State Board of California.
