

2017 NORTHERN SAFETY DAY

Join friends, peers and colleagues on Wednesday, **October 25, 2017** at Yolo County Fairgrounds in Woodland, CA for CWEA's 32nd Annual Northern Safety Day 2017. Explore this year's theme:

"We Can All Live With Safety."

Gain certification hours and improve your professional knowledge around safety. Experience hands-on equipment demonstrations and network with exhibitors and fellow attendees.

Register online by October 3rd and save \$25!

Be sure to arrive early for the Opening Session, featuring a representative from Oroville Dam Emergency by the California Department of Water Resources.

Get current safety training tips on:

- Disaster Planning
- Safety Awareness
- Body Mechanics
- Lifting Safety
- Confined Space
- Creating SOP's

Who should attend:

- O&M Leaders
- Mechanics
- Electricians
- Instrumentation Technicians
- Inventory Managers
- Maintenance Schedulers
- Wastewater Operators
- Engineers and Support Staff

Earn up to 6 CWEA Technical Certification Program Contact Hours and up to 0.4 SWRCB Continuing Education Units (CEUs) for drinking water. See the schedule for information on which qualify for TCP Technical hours and which for Safety.

Weather at the Yolo Fairgrounds can be unpredictable. Please dress in layers in case of warm, cold or inclement weather.

EARLY BIRD DEADLINE: OCTOBER 3, 2017

▲ Earns Technical Hour from State Water Resources Control Board (SWRCB)

■ Earns SWRCB Safety Hour

SESSION & SPEAKER INFO:

- Our keynote speaker, Michael Donlon PE, CSP is the Chief Safety Officer with the California Department of Water Resources (DWR) in Sacramento. He will discuss events leading to the Oroville Dam Crisis and the roll of DWR in the stabilization and recovery.
- *Confined Space Training is limited and booked on first come, first served basis and runs in three concurrent sessions. Lenny Lucero will teach about confined space requirements, air monitoring, permits, protecting yourself and others, in this day long event. You must register for this session on the registration form. Attendees of all three sessions will receive a certificate from Du-All Safety.
- David Patzer is the CEO of DFK Solutions. Mr. Patzer is recognized as a leading professional with multiple areas of expertise and has over 25 years of experience developing and implementing innovative and practical loss prevention solutions.
- Mark Rea is a trainer with SCM who has worked with multiple water agencies and is well versed in disaster preparation.
- Kent Freeman is a 30-year veteran of the Fire Service. He has worked extensively in the field of Confined Space Entry/Rescue since 1989 assisting in the development of numerous teams and six permanent confined space rescue training centers.
- Tim Brent is an ergonomic and rehabilitation specialist with advanced training in movement education. He has worked with business and industry in ergonomic safety principles and injury prevention for over 15 years.
- Don Freeman, CEO of Occumetric, Inc. will look at what we are lifting at work and how often we exceed the limits established by our agencies. His approach, in a game fashion, is informative and fun.
- Erin Carlstrom, Senior Council with Dickenson, Peatman and Fogarty is based in Santa Rosa and specializes in Marijuana law. She will lead a discussion on California's new law and impact on the workplace.
- Jenny Bender is the Environmental Laboratory Administrator at Central Marin Sanitation Agency. She also sits on the Redwood Empire Safety Committee. Jenny has worked in the laboratory at CMSA for 26 years.

DISCLAIMER: CWEA and its Board, members, and volunteers are not responsible for the actions of speakers or the contents of their papers, and no endorsement is implied or given of any persons or their philosophies, ideas, or statements, nor of any products or processes, nor of any organizations or companies who volunteer to serve as speakers at the conference or exhibitors who purchase display space in the exhibit hall.

CWEA is not responsible for theft of or damage to personal or agency/company property whether intended to be used for CWEA purposes or not.
