12:30p – 12:45p Drive to Anheuser-Busch Budweiser

The Brewery is at 3101 Busch Drive, Fairfield, CA 94534. Driving directions attached.

1p – 3p Tour: Anheuser Busch Bio-Energy Recovery System

Earn 2.0 CEUs

Join us for a fun and educational tour at the Anheuser-Busch Fairfield Brewery, a CWEA P3S Facility Award Winner for its water conservation and environmental commitment.

The Brewery treats its beer-making wastewater through a “Bio-Energy Recovery System” (BERS). The BERS system involves use of an anaerobic digester to treat wastewater and produce methane. Energy from this methane is used to meet 10-15% of the Brewery’s power needs. BERS also significantly reduces the organic loads discharged to the sewer.

Please wear closed-toe shoes, cover all jewelry, and bring hard hats and safety glasses. A limited number of hats and glasses are available from our hosts at the brewery.

3p – 4p Optional Tour: Anheuser-Busch Brewery

4p – 5p Happy Hour: Budweiser Tasting Room

After the BERS tours, stick around for Budweiser’s engaging beer-making tour and hang out with your colleagues for happy hour at the Budweiser Tasting Room. This optional activity is sponsored by Larry Walker Associates at no cost to attendees.

Next CWEA P3S Meeting and Training: August 2016, in Riverside, CA. Date TBA.
Topic: ECI Exam Math. Conference call and webinar available. Earn up to 3.0 CEUs!
