

Membrane Filtration for Wastewater Treatment

The SARBS Professional Development Committee presents this one-day seminar for professionals involved in membrane filtration practices at wastewater facilities.

SEMINAR TOPICS

- Membrane Treatment – Evolving Technologies and Regulatory Drivers: Marie-Laure Pellegrin, PhD, HDR
- Membranes and Emerging Contaminants: Andrew Salvesson, Carollo Engineers
- Implementing an Effective Pilot Study for Tertiary Filtration and Groundwater Recharge: Jim Lozier, CH2MHill
- MBR Operations and Design: George Crawford, CH2MHill
- Sole Sourcing, Pre-Purchasing and Other Methods of Membrane Procurement
- Membrane Bioreactor Case Study – Grand Targee, Wyoming: Matt Gough, HDR
- Lessons Learned in the Start-Up of a Membrane Facility: Dave Commons, City of San Bernardino

Note: Topics and speakers are subject to change. Check the SARBS website at www.cwea.org/sarbs for updates.

Conference Information

WHEN: February 6, 2008 - 8:00 AM to 4:40 PM

WHERE: The Mission Inn, Riverside, California

QUESTIONS?: Call Linda at (714) 593-7607

Registration Information

COST: Registration - \$150
Lunch and Parking are included in the registration fee.
Registrations must be received by February 1, 2008.

HOW : Mail this page along with your check to:
Linda Losurdo c/o OCSO
P.O. Box 8127
Fountain Valley, CA 92728-8127

SPACE IS LIMITED – REGISTRATION IS ON A FIRST COME FIRST SERVED BASIS

REGISTRATION FORM

Name: _____

Day Phone: _____

Company/Agency: _____

Address: _____

City: _____ State: _____ Zip: _____

FAX Number: _____

E-Mail Address: _____

Make checks payable to SARBS. No credit cards or purchase orders! Registration must be received by February 1. No refunds after February 1.

**Santa Ana River Basin Section/CWEA
One Day Seminar on Membrane Filtration in Wastewater Treatment
February 6, 2008
Mission Inn at Riverside**

	Title	Speaker	Theme
1	Membrane Treatment - Evolving Technologies and Regulatory Drivers	Marie-Laure Pellegrin, HDR	Technology Status/ New Technology Drivers
2	Membranes and Emerging Contaminants	Andrew Salveson, Carollo Engineers	Future Impacts of Membrane Use
3	Implementing An Effective Pilot Study for Tertiary Filtration and Groundwater Recharge	Jim Lozier, CH2MHill	Implementing an Effective Pilot Study
4	MBR Operations and Design	George Crawford, CH2MHill	MBR Operations
Lunch			
5	Sole Sourcing, Pre-Purchasing and Other Methods of Membrane Procurement	Graham Juby, Carollo Engineers	Materials and Equipment Selection
6	Membrane Bioreactor Case Study - Grand Targee, Wyoming	Matt Gough, HDR	Troubleshooting
7	Lessons Learned In The Start-Up of a Membrane Facility	Dave Commons, City of San Bernardino	Start-Up Experience
