

SANTA CLARA VALLEY SECTION

TRAINING MEETING

CALIFORNIA WATER ENVIRONMENT ASSOCIATION

Date **May 15, 2008**
Topic **The Energy Factor**
Speaker **Kapil Verma, Kennedy/Jenks Consultants**

Kapil Verma is a civil engineer and has been working for Kennedy/Jenks Consultants for over 5 years. Kapil has gained experience in wastewater planning and design projects, utility and infrastructure design, and construction management. Kapil's discussion will touch upon the idea of sustainable and "green" engineering as it relates to wastewater treatment processes. He will highlight how some facilities in California have implemented projects to "tap" into the renewable energy sources within their wastewater treatment plants, ultimately reducing their dependency on non-renewable sources.
