Reclaiming Our Water Resources

The CWEA Northern Sacramento Valley Section and the North Coast Section invite you to join us in Redding for the 2011 Northern Regional Training Conference. This year’s theme is "Reclaiming Our Water Resources."

The demand for clean water continues to increase and the importance of managing water resources is vital to our communities and our future. To maintain regulatory compliance and manage degrading capitol infrastructure with limited budgets during our depressed economy is challenging to say the least. The Northern Regional Training Conference is an excellent opportunity to improve your technical skills and network with your colleagues. Please join us once again on the banks of the beautiful Sacramento River to continue the spirit that makes our profession so important.

We will start things off on Wednesday, September 21st, with three pre-conference workshops designed to help you get hands-on collections system maintenance training, or get expert last minute preparation for the upcoming Operator Certification Exams Grade 1 through 5, or Biosolids 101 revisited to learn the how’s and why’s of 40 CFR Part 503 Biosolids rules. You may also choose to join our Golf Tournament at the spectacular Tierra Oaks Golf Club or take a guided tour of the Shasta Dam (bus transportation included). On Thursday and Friday our fellow wastewater professionals will provide 72 technical sessions covering all manner of wastewater vocations, worth 12 contact hours. Additional contact hours are available from our exciting pre-conference workshops. The whole event offers a maximum of 19.8 contact hours.

Thursday will feature over 50 exhibitors displaying the latest equipment that is so essential to our industry. Thursday evening, please join us for a special outside Oktoberfest style dinner buffet across the Sundial Bridge with live music from the rock and fun band Papa Fez.

I’m looking forward to seeing you at the NRTC 2011!

Dennis McBride
Wastewater Utility Manager
Conference Chair
This full day session will help prepare you for exam taking success. Mr. Fritschi, a veteran test-taker of the State Water Resources Control Board wastewater certification exams, will help you gain perspective on how to ace your next exam! This one day program will focus on solving word problems, overcoming test anxiety, what topics to study, and other test taking strategies for Grades I-V.

**Bring:** pencil, scratch paper, calculator, and a willingness to succeed!

### Agenda:

<table>
<thead>
<tr>
<th>Time</th>
<th>Topic</th>
<th>Time</th>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>8:30-8:45</td>
<td>Introduction to the Wastewater Operator Certification Exam</td>
<td>1:00-1:30</td>
<td>Exam Survival Methods</td>
</tr>
<tr>
<td>8:45-10:00</td>
<td>Unit Analysis – &quot;A lifelong tool for success&quot;</td>
<td>1:30-2:30</td>
<td>Problem Solving Break-Out Session</td>
</tr>
<tr>
<td>10:15-12:00</td>
<td>Solving Wastewater Word Problems</td>
<td>2:45-3:45</td>
<td>Practice Exam</td>
</tr>
<tr>
<td>12:00-1:00</td>
<td>Break for Lunch – Lunch Provided</td>
<td>4:00-4:30</td>
<td>Practice Exam Review – Awards</td>
</tr>
</tbody>
</table>

### Topics Include:

- Hydrocleaning & Nozzles
- Rodding & Root Control
- CCTV & Data Collection
- Lift Station Maintenance
- Emergency Bypassing
- General Safety Practices

### Collection Systems Boot Camp 101 (Back by Popular demand) 8:30 am - 4:30 pm

Earn up to 7.8 contact hours

This workshop is designed for front line wastewater professionals wanting to gain a basic understanding of tools and techniques used in day to day operations or a refresher for more senior professionals. Boot Camp 101 was successfully started through the San Francisco Bay Section. Since then, it has been presented at CWEA Northern Regional Training Conference in Modesto, and most recently at CWEA Annual Conference 2011. Turn-out for these events has been great! Now, it’s your opportunity to take advantage of this great pre-conference workshop at NRTC 2011.

### Biosolids 101 Revisited: 1:00pm - 5:00pm (Networking lunch from 12:00 pm - 1:00 pm)

Earn up to 4.8 contact hours

The workshop will provide the attendee with an introduction and understanding for the legal and scientific (i.e., risk assessment) basis that supported development and promulgation of the federal 40 CFR Part 503 (Part 503) biosolids rule. The session will describe the current regulatory compliance aspects of the Part 503 rule including the monitoring, recordkeeping and reporting requirements associated with biosolids land application. Emerging issues, challenges, and relevant research to address them will be provided. The workshop will provide an overview of biosolids land application program design highlighting the use of biosolids in: 1) agricultural/forest production, 2) reclamation of fire ravaged and/or marginal land and 3) enhancement of urban landscapes and other public access areas.

### Speakers will include:

- Greg Kester, Biosolids Program Manager – California Association of Sanitation Agencies (CASA)
- Lauren Fondahl, Biosolids Coordinator – USEPA Region 9
- Johnny Gonzales, Biosolids Coordinator – California State Water Resources Control Board
- Dr. Mike McFarland – Professor Civil and Environmental Engineering, Utah State University

---

**Lunch Speaker: Joe McCaffrey, LACSD. “Deepwater Horizon Oil Spill, 2010” – Thursday, Sept. 22**

Speaker: Joe McCaffrey, LACSD. “Deepwater Horizon Oil Spill, 2010”

On April 20, 2010 an explosion on the BP oil platform, Deepwater Horizon, began an oil spill that would become the worst U.S. environmental disaster. Mr. Joe McCaffrey from LA County Sanitation Districts worked as a safety officer at a Forward Operating Base at Lafitte, Louisiana in June 2010. Joe will describe his hand’s on experience managing the safety of between 150 – 750 workers who were recovering between 3,000 – 10,000 gallons of oil per day and while simultaneously protecting 40 miles of coastline.

**Lunch Speaker: Sheri Harral, Shasta Dam – Friday, Sept. 23**

Built during President Roosevelt’s New Deal plan, the Shasta Dam plays a major role in the water picture of California. While primarily providing flood control for the Central Valley and water storage, the Dam also generates hydroelectric power. Sheri Harral, Public Affairs Specialist for the Shasta Dam, will provide you with a more in depth look into the inner working of the Dam and how it plays a role in California’s agriculture, municipal, industrial, environmental and recreational needs. A special slide show of historic photographs will present a unique backdrop to this must attend lunch.
**Conference Schedule**

**Wednesday, September 21, 2011**
- 9:00 am – 3:00 pm  CWEA Board of Directors Meeting – Red Lion Hotel
- 8:00 am – 10:00 am  Registration for Pre-Conference Workshops Only – Redding Convention Center
- 10:30 am  Check-in for Golf Tournament – Tierra Oaks Golf Club
- 12:00 pm  Golf Tournament – Tierra Oaks Golf Club
- 8:30 am – 4:30 pm  Preconference Workshops – Redding Convention Center
- 1:00 pm – 5:00 pm  Technical Tour - Shasta Dam
- 3:00 pm – 5:00 pm  NRC Meeting – Red Lion Hotel
- 6:30 pm – 8:30 pm  Ice Breaker Reception / Pre-Registration Packet Pickup – Red Lion Hotel

**Thursday, September 22, 2011**
- 7:00 am – 4:00 pm  Conference Registration – Redding Convention Center
- 8:30 am – 11:50 am  Morning Technical Sessions – Redding Convention Center
- 9:00 am – 6:00 pm  Exhibition Open – Redding Convention Center
- 11:50 am – 1:30 pm  Lunch – Redding Convention Center
- 1:30 pm – 4:25 pm  Afternoon Technical Sessions – Redding Convention Center
- 3:00 pm – 4:00 pm  TCP Committee Meeting – Redding Convention Center
- 4:25 pm – 6:00 pm  Exhibitor Reception – Redding Convention Center
- 6:30 pm – 10:00 pm  Oktoberfest Dinner Buffet – Turtle Bay Exploration Park Quarry Patio

**Friday, September 23, 2011**
- 7:00 am – 12:20 pm  Registration – Redding Convention Center
- 7:00 am – 9:00 am  Collection Systems Meeting – Redding Convention Center
- 7:00 am – 8:00 am  P3S Meeting – Redding Convention Center
- 8:30 am – 12:20 pm  Morning Technical Sessions – Redding Convention Center
- 12:20 pm – 1:45 pm  Lunch – Redding Convention Center
- 1:45 pm – 3:35 pm  Afternoon Technical Sessions – Redding Convention Center

### Special Activities Overview Continued

**Technical Tour: Shasta Dam – Wednesday, Sept. 21 (1:00 pm - 5:30 pm)**
Earn up to 4.8 contact hours
Bus will pick up and drop off at the Redding Convention Center. The Shasta Dam is the second largest concrete dam in the U.S. forming beautiful Shasta Lake. The dam provides flood control and water storage for agriculture, municipal, industrial, environmental and recreational needs. Built between 1938 and 1945, the dam was built in part as a recovery effort after the Great Depression. Today, Shasta Dam plays a major role in the water picture for the State of California and provides a significant amount of electricity to the western power grid. This tour will give you a chance to see and appreciate this engineering marvel. During the tour you will hear the history of the dam, see the inside of the dam's power plant, and learn about the daily operations of the dam.

**Golf Tournament – Wednesday, Sept. 21 (10:30 am - on)**
Our Golf Tournament will be held on Wednesday, September 21, with a 10:30 am check-in and 12:00 noon shotgun start. Tierra Oaks is a championship course recognized throughout the state as one of the most challenging. Enjoy this unique golf experience and sign up early. The $90 fee per person includes a golf cart, green fees, a pre-tournament breakfast and a post tournament dinner. There will be a “Hole in One” contest with a prize of $15,000! For more information and team arrangements contact Stuart Zanni at 530-941-8477 or Steve Hollingsworth at 530-356-4622.

**Oktoberfest at Turtle Bay Quarry Patio – Thursday, Sept. 22 (6:30 pm – 10:00 pm)**
The NRTC11 dinner is a must attend event. Dinner will be held outside next to the Sacramento at the Sun Dial Bridge. You won’t go hungry with the buffet style Oktoberfest menu, including traditional brat's. Guests will be entertained by the band “Papa Fez”, made up of local engineers that have found a way “out of the box”. Papa Fez is a 6-piece band composed of people over 6 feet tall. They’ve got the normal drums/bass/guitars/vocal deal, plus: trombone, keyboards, cowbell, trumpet, sousaphone, banjo, occasional bagpipes, referee’s whistle, handclaps, whoops, hollers, and more. Papa Fez strives to provide fun, danceable tunes that you can totally bug out to. Come and enjoy the evening with your friends.

CWEA and its Board, members and volunteers are not responsible for the actions of speakers or the contents of their papers, and that no endorsement is implied or given of any persons or their philosophies, ideas or statements; nor of any products or processes; nor of any organizations or companies who volunteer to serve as speakers at the conference or exhibitors who purchase display space in the exhibit.
## Technical Sessions

**CWEA 2011 Northern Regional Training Conference, Redding, CA**

### THURSDAY September 22, 2011

**Session:**

<table>
<thead>
<tr>
<th>Chairperson</th>
<th>Collection Systems</th>
<th>Operator Training</th>
<th>P3S</th>
<th>Electrical &amp; Instrumentation</th>
<th>Super Group</th>
<th>Safety</th>
</tr>
</thead>
<tbody>
<tr>

<td>Water Works Engineers</td>
<td>Tom Warnock</td>
<td>Tracy Wyhldko</td>
<td>City of Redding</td>
<td>Raluca Constantinescu</td>
<td>CH2M HILL</td>
</tr>
</tbody>
</table>

**REGISTRATION**
7:00 to 4:00
**EXHIBITS**
8:30 to 11:50

### 8:30 to 9:20
- **Session A**
  - CWEA Technical Certification Program
  - What You Need to Know
  - Vivien Malig
  - CWEA Staff
  - Who the Heck is Porter-Cologne? And Other Fun Facts about Regulations
  - Hugh Logan
  - South Bayside System Authority
  - Discharge Source Control at a National Laboratory
  - Crystal Rose
  - Lawrence Livermore National Laboratory
  - Arc Flash Compliance
  - One Agency’s Approach
  - Charles Aycock
  - City of Roseville
  - CWIQS
  - Emilio Flores
  - City of Yuba City
  - First 72 hours
  - Jerry Bach
  - Safety Center Inc.

### 9:25 to 10:15
- **Session C**
  - How to Prepare Yourself for the CWEA Collection System Maintenance Technical Certification Exams and Pass
  - Sam Rose
  - South Placer MUD
  - UV Disinfection
  - Rob Jansen
  - Trojan Technologies
  - Tricks of the Trade
  - Dan Frisch
  - City of Turlock
  - UV Disinfection Systems Upgrades
  - Raluca Constantinescu
  - CH2M HILL
  - Electrical and Control Designs
  - Gregory Cash
  - SWRCB
  - Facilities Inspection
  - Cal-Osha Program Update
  - Richard DaRosa
  - SWRCB Consultation

### 11:00 to 11:50
- **Session D**
  - Study Session Lite for Collection System Maintenance
  - Sam Rose
  - South Placer MUD
  - Sludge Blanket Measurements
  - Anton Loof
  - Oratech Controls, Inc
  - Technology to Improve Pretreatment and FOG Programs
  - David Stadlemann
  - Linko Data Systems
  - Automation Compliance with Water Quality Objectives Utilizing SCADA Telemetry
  - Matthew McGarey
  - City of Santa Rosa
  - Regionalization of Biosolids and Dewatering and the City of Redding
  - Sami Kader / Dennis McBride
  - Water Works Engineers / City of Roseville
  - Global Harmonization System
  - “Get Ready”
  - Marjorie Boone
  - ehs International, Inc

### LUNCH & Vendor Exhibits (SPEAKER - Joe McCaffery (LACSD) Deepwater Horizon Oil Spill)
12:05 to 1:45

**Session B**

### 1:30 to 2:20
- Collection System Field Innovations, Technologies and Other Tricks of the Trade
  - Tom Herlity
  - Union Sanitary District
  - HRC - High Rate Clarifiers
  - Jim Georger
  - Ken Loucks
  - Sclar Products
  - Grease Interceptor Design vs. Performance
  - Jeff Erlanson
  - Siemens Industry Inc.
  - Maintaining and Troubleshooting SCADA
  - Robert Wherritt
  - PG&E
  - Energy Efficiency Opportunities in Wastewater & Water Treatment Plants
  - John Parente & Steve Gillette
  - City of Roseville

### 2:40 to 3:30
- Green Methods for Maintaining Alkalinity for Nitrification or Anaerobic Digestion
  - Doug Kelley Ph.D.
  - Inland Environmental Resources Inc.
  - Inspection Training
  - The SBES Approach
  - Norm Domingo
  - South Bayside System Authority
  - Using Electrical & Instrumentation Drawings Part 1
  - Jane Saulnier, Lou Verduzzo and John Mariano
  - COM
  - Sanitary Sewer Systems WDRs Review & Update
  - Russell Norman
  - SWRCB
  - Who’s on My Site? What’s My Responsibility? Contractor Safety
  - Diane Hinson, CCC Sanitation District
  - Zoe Anne Tafolla, Vallejo S&FCD

### 3:35 to 4:25
- Polymer Preparation Systems
  - Gary Schaeffer
  - Siemens Industry Inc.
  - Spill Estimation Methods
  - Sam Rose
  - South Placer MU
  - Streamlining: the Regulation, the Process and the Implementation
  - Martin St George
  - City of Santa Rosa
  - Using Electrical & Instrumentation Drawings Part 2
  - Jane Saulnier, Lou Verduzzo and John Mariano
  - CDM
  - Why Not Random Drug Tests for Operators Of Water and Wastewater Facilities?
  - Pamela Neronha
  - M.P.A. Candidate CSU Stanislaus
  - Harassment in the Workplace Identifying & Prevention
  - John Chadwell
  - ehs International, Inc

| 8:00 to 12:00 | REGISTRATION |
| 8:30 to 12:20 | Session C |

| 8:30 to 9:20 | Who Put My Computer in Charge? |
| Sergio Ramirez | Dennis Lambert |
| West Bay Sanitary District | Redding Sanitary District |
| 9:25 to 10:15 | It Takes a Thick Skin - Surviving a Collection System Inspection, SSMP Audits and a Lawsuit to Boot |
| Christoph Dobson | Steve Rodriguez |
| SASSD | Delta Diablo Sanitation District |

| 10:15 to 10:25 | BREAK |

| 10:25 to 11:15 | Think You Can Measure Sewer Flow? |
| Anton Loof | Doug Barber |
| Oratex Controls, Inc. | CH2M HILL |
| 11:15 to 12:05 | Getting the Most Out of Your Jetter with High Efficiency Nozzles |
| SI Norris | Steve Green |
| Owens Equipment | Amiad Filtration Systems |

| 12:05 to 1:45 | LUNCH (SPEAKER - Sheri Harral, Shasta Dam) |

| 1:45 to 2:35 | Combination Machine Operation & Cleaning Efforts: Green is Not Just a Color |
| Tim Powers | Grant Newhouse |
| MME | Koch Membrane Systems |
| 2:45 to 3:35 | Sewer Line Basics: If It Stinks, It Corrodes |
| Doug Kelley Ph.D. | Randall Wood |
| Inland Environmental Resources, Inc | Envirocem |
**Conference Registration Instructions**

**Cancellation Policy**
Written cancellation notice is required, and must be received at least 30 days prior to the conference date. A 25% service fee shall be retained on all cancellations. No refunds will be given for cancellations made less than 30 days prior to the conference.

**Registration Payment**
Payment by check or money order should be made payable to: **2011 CWEA NRTC**. Credit card payments are also accepted through the registration form or through CWEA’s website (www.cwea.org). Pre-registration MUST be postmarked no later than August 29, 2011. Those who submit payments of pre-registration fee after August 29, 2011 will be billed for the difference. All fees for conference registration must be paid in full at the time of pre-registration or on-site registration. Full payment may be made by credit card, personal check, or company/agency check. Purchase orders are acceptable. Registrations received by CWEA without full payment or purchase order will be returned. **On-line registration is available at www.cwea.org/conferences.**

**ADA Special Accommodations**
30 day prior notice is required to process accommodation requests. Please contact the hotel and provide them with the information regarding your needs. You may also contact the CWEA Office at 510-382-7800, ext. 125 with these requests.

---

**HOTEL REGISTRATION INFORMATION**

**PLEASE NOTE THAT RESERVATIONS ARE BOOKED DIRECTLY WITH THE HOTELS**

**RED LION HOTEL 800-733-5466 or 530-221-8700**
$89.95 + tax for a queen bed   $99.95 + tax for 2 queen beds   $99.95 + tax for a king bed
This is our headquarters Hotel and host of our Icebreaker Reception. Meet your friends poolside Wednesday evening. Features include a combination Espresso Bar and restaurant, 3 Shasta’s cocktail lounge; outdoor pool & spa, mini-fitness center, and business center. In room amenities include free hi-speed wireless, data port phones and coffee makers. This hotel is now 100% smoke free; and features patios or balconies off every room, new granite countertops, tile flooring, oversized showerheads and double vanities are all new. Close to Applebee’s, Logan’s Roadhouse, Chevy’s Mexican Restaurant, & Marie Callenders.
