Like water itself, innovation flows through every challenge and shapes new possibilities. For over 90 years, Carollo has pioneered breakthroughs in water technology – from resilient infrastructure protecting growing communities to groundbreaking solutions safeguarding public health and ecosystems. At Carollo, innovation isn't just about what's new – it's about what's necessary. Every advancement, every improvement, and every solution flows from a single purpose: shaping a future where water enriches every community it touches.

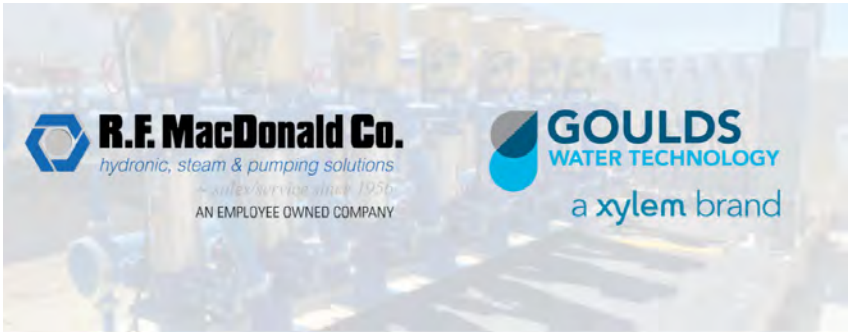
Jacob Ferriera with R.F. MacDonald is hosting a class on Vertical Turbine pumps free of charge to all Northern California CWEA members.

This class is being offered on two separate days, back-to-back. First class is on Tuesday, September 30th, 2025, and the 2nd class is on Wednesday, October 1st, 2025. Catered Breakfast and Lunch will be provided. A Certificate of completion will also be provided to all students at the end of the class. The class length in hours & Instructor signatures will be on certificate of completion. The class is geared towards specifying engineers, contractors, and end-users. This class is not a sales presentation. The information is "generic", related to Vertical Turbine Pumps in general, and is intended to educate.



When
Sept. 30, 2025 (Class 1)
Oct. 1, 2025 (Class 2)
8:00 AM to 3:30 PM
Both classes are identical

Where
R.F. MacDonald Co.
25920 Eden Landing Rd
Hayward, CA 94545

Contact

Short Course Turbine School

7:30AM - 8:00AM - Breakfast & Check-In
8:00AM - 3:30PM - Class Lecture

Agenda
- Purpose & Operation of the Vertical Turbine Pump
- Vertical Turbine Construction: Primary Components for Short-Set/Canned Turbines, Open/Enclosed Lineshafts & Materials of Construction
- Discuss Basic Pump Calculations, HI Testing Guidelines, Wire-to-Water Efficiency vs BHP Efficiency, Vertical Turbine Motors & Understanding Vibration
- Understanding Pump Curves, the Vertical Turbine Catalogue & Selection Software

Includes
- Breakfast & lunch
- Training materials
- Certificate of Completion (CWEA Contact Hours)

Photos by Audrey McCann

Join 400+ wastewater professionals for a full day of safety training, networking, and hands-on learning. This year's program features industry leader **Jay Jamali**, Safety Director for Enviro Safetech and one of California's top Lockout/Tagout experts, presenting on confined space safety. Jay will also bring a confined space simulator for an interactive, hands-on experience as part of the exhibits.

Other expert-led sessions cover entry and rescue procedures, confined space ventilation, atmospheric monitoring, ladder safety, hydro-excavation safety, and the latest technologies to improve collection system operator safety. Gain valuable insights into California's regulatory process from Cal/OSHA experts, connect with peers, and visit exhibitors showcasing innovative safety gear and solutions.

With multiple training tracks, engaging presentations, and interactive vendor demonstrations, you'll leave with practical tools to keep your team safe and your workplace compliant.

WHO SHOULD ATTEND

- Collection System Crews
- Wastewater Operators
- Safety Officers
- Mechanics
- Electricians
- Instrumentation Technicians
- Maintenance Schedulers
- O&M Leaders

PLUS, A PACKED EXHIBITOR AREA **WITH DEMOS AND EXPERT INSIGHTS**

Summary of July 16th training day

by Gerard Marquez, Vice President

The training was held on July 16, 2025 at the Feather River Tribal Health Center in Oroville. It was attended by 61 CWEA members from 8 different municipalities, 1 engineering firm and 4 vendors.

Mike Fontaine from Clear Creek Systems presented the basics of Predictive Software for Treatment Design. The second presentation was by Fred Kesich from Pac Machine Company and gave practical points on Emergency Bypass response with a Mobile Pump. The third presentation was by Tom McCurdy from

Aerzen Blowers about basics of blowers for a waste water treatment plant. The last training was a shared presentation between Mikah Salsi and Glen Sturdevant from SCOR and Pratyusha Reddy

Tour of the Sewerage Commission Oroville Region Wastewater Treatment Plant

The afternoon tour at Sewerage Commission - Oroville Region (SC-OR) Wastewater Treatment Plant was attended by 44 people.

More highlights from July 16, 2025 training in Oroville
