

Dear Members and Volunteers,

Our Tri-Counties Section's (TCS) March Workshop and Training Seminar will be held on **Thursday, March 7th, 2023 at the City of Santa Barbara El Estero Water Resource Center**. Choose from several different wastewater discipline sessions and earn up to 5 contact hours valid for CWEA TCP certificate renewal. We are always here to help grow your career. And with **this March Workshop**, we're continuing to help you our members with many excellent class presentations and topic discussions.

A plant tour will be the highlight of this workshop! **Vendor Exhibits** will be open the morning of the workshop, during breaks, and lunch. A great lunch will be served, and we will wrap up the lunch with some fabulous door prize drawings. **Be sure to visit with all our generous vendors**. Check the training class program and take full advantage of this one-day workshop.

Visit cwea.org/tcs for an update of this upcoming workshop and future events.

Thank you for your continued support of our local CWEA Tri-Counties Section.
