

Dear Members and Volunteers,

Our Tri-Counties Section (TCS) September Workshop and Training Seminar will be held on Wednesday, September 7, 2022 at the City of San Luis Obispo's Corporation Yard. Choose from multiple wastewater training sessions and earn up to 4 contact hours valid for CWEA TCP certificate renewal. And with this last workshop of 2022, we're helping even more with many excellent class presentations and topic discussions.

A tour of SLO's WWTP will be offered and the TCS, with generous vendor support, continues to add to this workshop its 11th (after a 2 Year Hiatus) Annual Vendor Walk Grand Prize Drawing. To qualify, workshop attendees will visit the participating vendors' booths, learn what products they offer, have the exhibitor initial your signature form, then place the completed form into the designated box. The drawing will start on site at 2:10 p.m.

Visit our [CWEA TCS Website](#) for this upcoming workshop and future events.

Thank you for your continued support of our local CWEA Tri-Counties Section.
