

Sanitary Sewer Systems Waste Discharge Requirements Training for LRO's, Supervisors, and Managers

October 18, 2022

8:30 AM – 3:30 PM | Goleta Sanitary District | Goleta, California
(Region 3 – Santa Barbara County)

www.fischercompliance.com/wdrs-training-info/

Fischer Compliance LLC is offering a full-day in-person workshop for helping Legally Responsible Officials (LROs), Data Submitters, Supervisors and Managers to expedite SSS WDRs compliance and avoid violations. The workshop is the first of its kind covering the existing and draft Orders for empowering managers with the latest information and best compliance practices for improving their jobs, meeting and exceeding compliance expectations, and reducing risks for enforcement. **You will learn:**

New Skills

- Exceed new Sewer System Management Plan (SSMP) requirements.
- Gain valuable Regional Board insights for avoiding violations, enforcement, and negative public attention.
- Improve relationships with governing boards, ratepayers, staff, and the public.

State/Regional Board Expectations

- Learn about your regional board-specific spills data/trends, priorities, and enforcement actions.
- Learn best practices for avoiding common permit violations and reducing risks for enforcement and fines.
- Learn regulator auditing techniques.

SSMP/Audits Compliance

- Avoid common violations and pitfalls.
- Learn what compliance and non-compliance looks like.
- Auditing your own SSMP for improving its effectiveness.

Cost for WDR Training is only \$299, includes lunch, and can be paid by PO/Invoice or Credit/Debit Card. Course Certificates of Completion will be issued in order to provide validation of learned competence.
